# Skillable: attendee guide

Ask attendees to follow these steps to access your assigned lab and complete the hands-on exercises during the event.

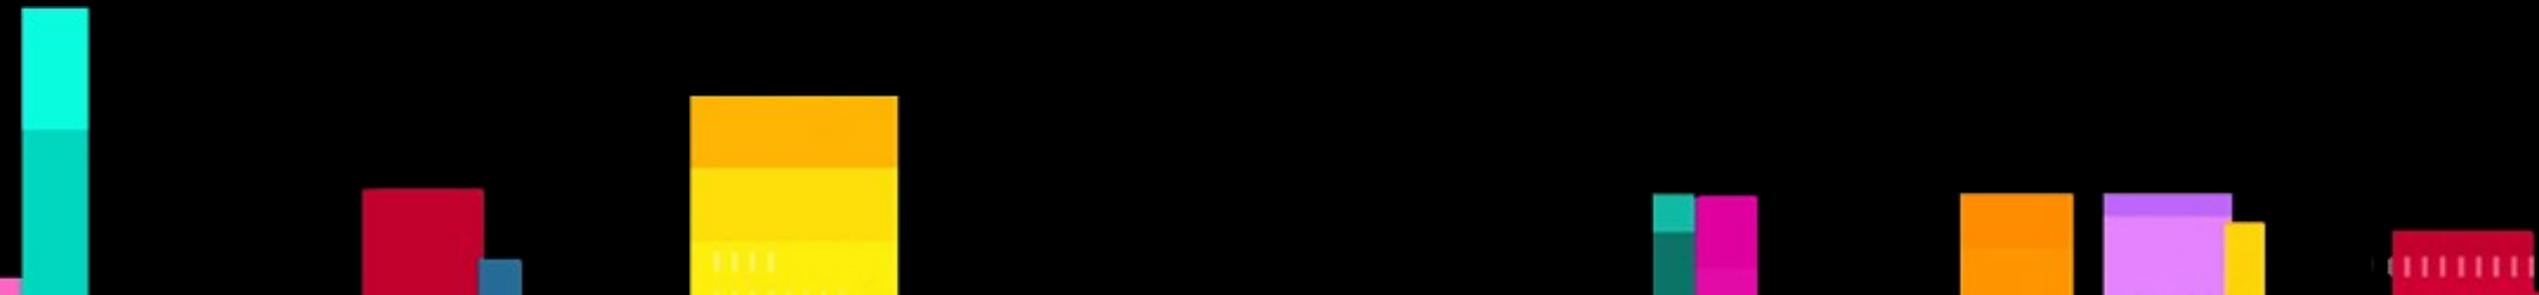

## GETTING STARTED

- I Bring your own laptop and ensure all firewalls and VPNs are disabled
- II Open the Skillable **access link** provided by your instructor
- III Enter the **training key** provided by your instructor
- IIII Create your **Skillable account**
- IIIII **Navigate** to see all the labs assigned by your instructor
- IIIII Select the required lab and click **Launch**
- IIIIII **Wait** for the environment to provision (this may take a few minutes)

## COMPLETING THE LAB

- I Follow the lab guide instructions provided within Skillable
- II Perform the exercises in the provided cloud environment
- III Save any required outputs or screenshots before ending the lab session
- IIII Complete the lab before the allotted time expires
